Anita educational society is a non profit educational society set up by Dr. Manvendra Sharma & his wife Dr. Anita Sharma with the following objectives :

To establish, support and promote educational institutions, keeping pace with the latest advancement in educational technology.

To promote the well being humanity by assisting the growth and development of formal education through training programmes, research and human resource development.

To support and promote institutions and programmes to address social and economic disparities and provide assistance to the poor and deserving.

To give stipends, scholarship, travelling allowance and monetary aid to deserving students and teachers to support their academic pursuits.

To promote value education, scientific temper, cultural and environmental awareness among the students through curricular and non curricular studies and projects.

To encourage the development of the all round personality of student by laying emphasis on academic, sports, extracurricular & social activities.
